A. Enhanced Practical Learning:

Introduced mandatory internships and practical training opportunities for students across various disciplines. Collaborated with industry partners to provide real-life projects and case studies in the curriculum. Developed specific courses and workshops to enhance practical skills relevant to each program.

B. Expanded Academic Options:

Reviewed and updated the elective courses available to students, providing a broader range of choices aligned with student interests and industry demands.

Conducted a curriculum mapping exercise to identify areas where new courses can be introduced to address emerging fields and technologies.

C. Interdisciplinary Approach:

Encouraged collaboration between different departments and faculties to develop interdisciplinary courses and projects.

Organized faculty development programs to equip teachers with strategies for incorporating interdisciplinary elements into their teaching.

D. Curriculum Relevance:

Established a curriculum review committee consisting of industry experts, alumni, and faculty members to periodically assess the curriculum's relevance and make necessary updates.

Incorporated feedback from industry surveys and alumni to ensure the curriculum aligns with current industry trends.

E. Ongoing Evaluation:

The institution is committed to continuously monitoring and evaluating the impact of the implemented actions. Regular feedback mechanisms, such as surveys, will be used to gather feedback on the effectiveness of the changes made to the curriculum. The curriculum review committee will meet regularly to review progress and make further enhancements as necessary.

- Continue striving for excellence in all aspects of the institution's functioning.
- Establish a robust system for continuous monitoring, evaluation, and improvement based on stakeholder feedback and best practices.
- Strengthen industry-academic collaboration to enhance opportunities for internships, placements, and research collaborations for students and faculty.

Next Steps:

Based on the comments it has received, the review group will carry on with its work to complete suggestions for curricular enhancements.

Continuous feedback mechanisms will be implemented to guarantee ongoing enhancement and adaptability to changing requirements and anticipations.

Conclusion:

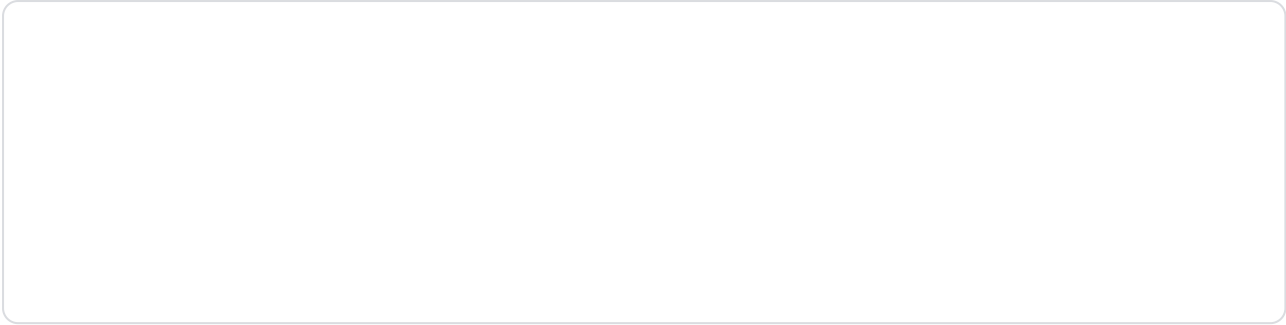

The feedback we've had from parents, alumni, teachers, and students has been crucial in helping us focus on improving the curriculum. Through close collaboration and prioritization of stakeholder feedback, our goal is to establish a learning environment that promotes excellence, creativity, and holistic development. The feedback received from students, teachers, alumni, and parents on the curriculum has been instrumental in guiding the improvement initiatives. The institution remains committed to providing a curriculum that meets the evolving needs of students and equips them with the necessary skills for their future success.

We express our gratitude to all the stakeholders who contributed their valuable feedback, and we greatly appreciate their involvement in shaping the curriculum.

No

All is well

Teachers should be given optimum time for teaching besides other work load, laboratory based subjects require basic infrastructure for conducting experiments, smart classes and ICT should be given top priority for teaching in different aspects of skilled and technology based topics.

Overall curriculum needs for the review

Curriculum is well designed, but most of the colleges have not teaching staff for many newly implemented topics.

None!

Ok

Syllabus may be review

The college is active in involving the students in co_curricular and extra_curricular activities, according to NEP 2020, organised by College and Department as well. There should be creative orientation of minds of the students so that they could develop creative understanding, thinking and writing.

Before revision of syllabus proper training is essential

Sometimes teachers do not get adequate time for curriculum due to early or late exams of sessions.

Teacher's pay should be paid on time

The curriculum is well designed and is intended to look into the problems of the students looking for a better prospect in life. Efforts should be made to reach out the basic precepts of the curriculum to the students who are still in dilemma.

There were indeed many memorable moments in my college life. My first day, my last day, my viva exam, my speeches and anchoring during any event, commanding the NSS Platoon in Republic Day, social works done along with my peers and Prof. Ambika Sir, etc. My best days were those which I spend as a NSS Volunteer doing anything. All the professors were very supportive and they all loved me a lot. I can't describe or express my feelings about the bond I share with them; starting from Aftab Sir, Rajesh Sir, Amit Sir, Ambika Sir, Kiran Ma'am, etc. and also all the support staffs like Lucky Bhaiya, Ravi Bhaiya, Brindeshwari Uncle, etc. I love them all and will remember them throughout my life.

Suggestion (If Any)

23 responses

No

Very nice

College need to adopt new teaching learning & ICT enabled learning.

1 > try to increase both social and economic infrastructure

2> proper water and sanitation

3> try to make students more creative and skillful

4> atleast estd one college canteen under college campus

I guess al my guys this college is amazing to graduate

BN College is the best Studying and Any More best of the Other faculty

All subjects ka class daily and practical and all student pr 1 rule

Start one subject also " HOW TO MAKE MONEY" and mandatory in all Class.

College washroom please improve

Infrastructure of the college need to be developed more and practical exposure to students need to be provided to make them capable of grabbing every career opportunities just after passing out from the College.

Currept staff

Looking more in practical knowledge

This college are so good and there education system is aslo excellent
And there teachers are open minded people struggling to give well education to there student

College should have proper laboratory instruments for their student

College should hame Improve the laboratory instruments

The college should be developed as much as possible.

Yes, there are some suggestions that I would like to get it done in my college:

1. Better infrastructure and various facilities like canteen, drinking water and proper large washrooms for both boys and girls, etc. are what BN College wants.
2. Better equipment, chemicals, specimens, facilities, etc. in all the laboratories. BN College need these as soon as possible because as a Zoology graduate from this college I didn't get proper laboratory classes due to lack of these things.

3. Strictness in studying environment. Daily turnout of students in college is very low if we compare it with the number of admissions in any department.
4. More focus should be given to extra-curricular activities and sports. It will also attract more students to come to college.
5. Intra-department competition should be organized; be it be related with studies or with anything. It will spark a competitive feeling in the students as well as to the professors also.

Thanks.

Devolop the insfracture and improve quality of education

Good hobby

More strict rules should be implemented on students, also with some motivational sessions .

Best college (BN college)

Faculties are good and supportive

There must be a change in the attitude of the employees, lack of basic facilities like electricity, water, toilets not being cleaned regularly, it would be better if the teachers take classes on time. There is lack of class room. Discrimination by teachers should stop.

More access

Good

The college has all the facilities and studies are also good. The concept of all the teachers is also good. Study is done on time.

Bahut accha

आप मुझसे सवाल पूछे इसके लिए धन्यवाद

सुझाव (यदि कोई हो)सुझाव (यदि कोई हो)

Excellent

College me official work time hona chahiye

Yas

Overall good

Provide Cantaine

Nothing

Attendance 75% nahi hona chahiye 🚫 garib student ko bahut kaam rahta hai ya fir student ka admission nahi lo larka kamayega nahi to Ghar Wale kaise khayenge exam bahut hard lo par attendance Aisa mat karo

Everything is good

Everything is good.

- 1.Appoint more best knowledgeable teachers.
- 2.Use new technology like smart board for more understanding.

No

- 1)setup smartboard for better understanding.
- 2) Appointment of some new teacher's in commerce department.

I am happy in this college teacher and princy
