Action Taken Report on Feedback on Curriculum (2021-22)

The action taken report on the feedback collected from students & Teachers regarding the curriculum. The feedback was collected through the offline forms of random students & teachers of 2021-22 session.

Summary of Feedback:

1. **Curriculum Relevance:** Many students expressed concerns regarding the relevance of certain courses/modules to their career goals and current industry trends.
2. **Course Structure:** Several students provided feedback on the course structure, suggesting modifications such as altering the sequence of topics, integrating practical applications, and reducing theoretical content.
3. **Teaching Methods:** Students highlighted the importance of diverse teaching methods, including interactive sessions, case studies, and real-world projects, to enhance their learning experience.
4. **Assessment Procedures:** Feedback indicated a desire for more transparent and fair assessment procedures, with suggestions for clearer grading criteria and timely feedback on assignments.
5. **Resource Availability:** Some students raised issues concerning the availability of resources such as textbooks, software, and laboratory equipment necessary for their coursework.

Action Taken:

1. **Curriculum Review Committee:** A committee comprising faculty members and student representatives has been formed to review the curriculum. The committee will assess the relevance of courses and propose necessary updates to align with industry standards. We have started the process of vocational course and skill development courses.

2. **Course Restructuring:** Based on the feedback received, adjustments will be made to the course structure to better meet the needs and preferences of students. This includes revising the sequence of topics and incorporating more practical applications. Academic council deployed routine management and engaged the allocation of Lab classes and extra classes on various topics. CBCS should be implemented
3. **Faculty Development Workshops:** Faculty members will undergo training workshops on innovative teaching methods and instructional strategies to create a more engaging learning environment. Various Faculty encouraged to Join FDP, Orientation Refresher, Workshop etc.
4. **Assessment Policy Revision:** The assessment policy will be revised to ensure transparency and fairness. Clear grading criteria will be provided to students, and efforts will be made to deliver timely feedback on assignments.
5. **Resource Procurement:** Efforts are underway to address resource shortages by procuring additional textbooks, software licenses, and laboratory equipment as per the curriculum requirements. We have put these requirement in college development council to resolve the various resources issues.
6. **Student Engagement Initiatives:** Regular feedback mechanisms will be established to encourage ongoing dialogue between students and faculty regarding the curriculum. This will include periodic surveys and focus group discussions.

Timeline for Implementation:

The aforementioned actions will be implemented over the next academic session. Regular progress updates will be provided to ensure transparency and accountability.

Conclusion:

We are committed to continuously improving our curriculum to provide students with a high-quality educational experience that prepares them for success in their careers. We appreciate the

valuable feedback provided by the students and remain dedicated to addressing their concerns effectively.

11. Other Feedback & Suggestions.

The current curriculum is not much relevant.
There should be more focus on applied part.
Also skill oriented courses and personality development
courses should be added. I recommend EBCS
course structure alongwith review of core syllabus:

Curriculum in the light of CBCs is very good but college's lack of basic infrastructure to implement new curriculum. In addition, college is facing the shortage of teachers in the college. Therefore, basic infrastructure & sufficient number of teacher is required to run the new CBCs in the college & universities.
