CIRCULAR
AUTOMOBILES RELATED RULES

In accordance with the Circular, the organisation upholds the standards and guidelines pertaining to vehicles:-

As part of the resolve, the staff (Teaching & Non-Teaching) and students are directed to minimize the use of automobiles in the college premises. To accomplish the same, the students are encouraged to utilize their bicycles or public transportation as much as they can. The bicycles and other vehicles shall be parked in the allotted parking area of the college.

The staff shall resort to a carpooling system to minimize the entry of automobiles into the college campus. The staff and students are also encouraged to use electric and battery-powered vehicles.

CIRCULAR

GREEN CAMPUS AND PLASTIC BAN

The following guidelines are reiterated by the College with regard to maintaining a green campus in accordance with the Circular:

The college campus's personnel and students are instructed to maintain environmentally friendly practices. The college's Green Campus and Plastic Ban Policy is the reason behind the campus's implementation of a plastic ban. The campus has been deemed "plastic-free" by methodically outlawing the use of plastics and substituting them with appropriate, environmentally acceptable materials. It is advised that staff and students utilise paper and cloth bags.

The institute promotes Green Gifting and we encourage to gift plants on the birthdays and retirements of Teaching or Non-Teaching Staff. Volunteers of NSS, NCC or the students of the college are motivated towards plantation as the motto of the institute is to preserve and protect our Environment.

CIRCULAR

Eco-friendly Campus Rules

The college makes a point of maintaining an eco-friendly campus and making the greatest efforts to preserve the environment. Circulars are produced instructing stakeholders to adhere to the norms in order to support the policy of sustaining the green campus. The college follows these procedures as stated in the circulars.

- Use cloth bags and paper bags
- Ban on Single use plastic
- Carpooling among staff and students
- Purchase of Electric vehicles to limit pollution
- Maximum utilization of public transportation
- Maximum Use of bicycles in the college premises
- Practice of Green Protocol
- Use of Red, Green, Blue Dustbin for E-waste, Dry and Wet waste
- Using reduce, reuse, and recycle (3R) as the foundation for sustainable resource management techniques.
- Use of Bio Waste as Organic compost for all gardening in the college.

- Switch off the lights immediately, when not in use as to conserve electricity.
- With the promotion of green practices and energy conservation, we use screen savers, sleep modes or wallpaper related to Green policy of the college in each and every computer in the institution.
